

The combination step and extension ladder is versatile and easy to transport yet carries a duty rating of 150kg. In the step ladder position, this ladder can be used by one or two people. The 150kg duty rating applies to each side of the ladder making it ideal for the work site..

Features

- Combination ladder design can be quickly converted from twin step ladder position to straight ladder position
- Slip-resistant steps
- Heavy gauge steel bracket engages steel pin to lock section in step ladder position
- Includes a second base for added stability in the scaffold position
- Design for one or two-person jobs
